- Transmission Distance: 10 meters
- Speaker Impedance: 32Ω
- Sensitivity: 3±106dB
- Battery Capacity: 400mAh
- Charging Time: 1.5 hours, via Type-C port
- Playback Time: Up to 16 hours*

*Playback time may vary based on volume and content.

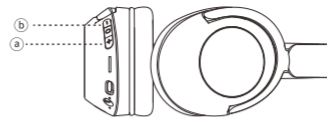

Product Instructions

1. Wireless Bluetooth Function

- 1.1 Pairing Method:
 - Hold the power button for 3 seconds to activate pairing mode, indicated by the red and blue LED flashing alternately.
 - On your device, select the 'EUPHORA' headset to pair. Successful pairing is confirmed when the LED stops flashing.
 - The connected device will display the Bluetooth icon and battery level, which varies by device.

1.2 Music Playback and Call Handling

- Press the play button once to start music playback; press again to pause.
- Press the play button to answer calls and again to hang up.
- Hold the play button for 2 seconds to reject an incoming call.
- Double-press the play button to redial the last number.
- Hold the play button for 2 seconds to activate the voice assistant when connected.
- For previous tracks, long-press the volume down button; a short press reduces volume. A "didl" tone plays when maximum volume is reached.

- Long-press the next button for the next song; a short press increases volume.
- The power button activates with a long press of 3 seconds and turns off with a long press of 5 seconds.-The AUX port is used for wired listening by connecting an AUX cable to your device, which also turns Bluetooth off.

1.3 Charging Function:

- Connect the headset via USB to an adapter or computer to charge. The LED indicator will be red during charging and change to blue when fully charged.

-A voice prompt appears when the voltage is low.

1.4 TF Card Integration:

Engage the Bluetooth function and insert a TF card to automatically switch off Bluetooth. When the TF card is removed, Bluetooth reconnects. To toggle between TF and Bluetooth modes, press the "-" and "+" simultaneously.

Included in the Package

- 1. Headset*1
- 2. Charging Cable*1
- 3. User Manual*1
- 4. Aux Cable*1

Safety Precautions

- Avoid exposure to damp, dusty environments or direct sunlight. Prolonged exposure in a vehicle may lead to malfunction.
- Set the volume at a safe level to prevent hearing damage. Refrain from using the headset while driving or cycling.
- Clean the device with a soft, dry cloth only.
- Do not use the headphones during a thunderstorm and do not submerge them in water as they are not waterproof.
- Use a certified charger with a DC 5V output or connect to a USB-enabled PC for charging.

Friendly Reminders

*If questions arise that are not addressed in the manual, contact your local dealer.

*This device contains a rechargeable lithium battery. Observe the following to ensure safety:

- Do not compress, puncture, or incinerate the battery.
- Avoid using in excessively hot environments.
- Do not use if the battery is wet or has been immersed in water.

*Environmental factors can influence Bluetooth performance. Avoid using the device near strong electromagnetic fields. To preserve battery longevity, charge at least once a month if the device is not in regular use.

Charging Tip

For battery integrity, use the provided adaptive USB cable for charging and avoid fast-charging cables.
